Introducing our new and improved 8-inch tablet with Verizon 4G/LTE super fast internet connection. It is now even bigger, smarter, and more affordable than ever before. Your new Ares 8L tablet comes equipped with the Android 5.0 Lollipop OS, allowing better multitasking and smoother processing. You can easily switch between editing documents, browsing the web, watching movies, and listening to music with just a swipe of your finger. Its sleek compact design and 8-inch IPS color display is big enough to work and watch on, but small enough for it to fit comfortably in your hand everywhere you go. The Ares 8L also comes preloaded with one of the largest App stores on the market, the Google Play Store. There are thousands of apps available in the Google Play store for you to enjoy, from video games to your favorite social networks. With one touch, you can download your favorite book and enjoy it anywhere from the Barnes and Noble NOOK app or watch your favorite movie from VUDU. With front and rear facing cameras, you can capture and share those unforgettable moments.

## Features

### Touch-Screen Technology & Front/Rear Camera

The Ares 8L is equipped with a touch-enabled screen for accurate and smooth operation, whether you're drawing or annotating with your finger or a stylus. With a resolution of 800 x 1280 pixels and IPS technology, you can be sure of crisp, sharp images. It also comes with built-in front-facing and rear cameras to capture those special moments wherever you are!
