Productivity

The Nextbook Ares 11 supports the Android OS 5.0 Lollipop and comes with a Pogo keyboard so it can be used as a secondary laptop.

Play Hard

The 11.6-inch screen and 16:9 aspect ratio means you can watch HD content, whether streamed or connected from another device through the micro-HDMI port. Playing video games is better, too, with the 3-axis G-sensor support, which lets you immerse yourself and move the way you need to.
